To whom it may concern:

It is my pleasure write a letter in support of Furnishing Dignity.

Furnishing Dignity has become a valuable resource not only to my program but to the community efforts to end homelessness as well. Our program is Rapid Rehousing and we can offer clients rental and utility assistance to provide a new start, however our services alone are not enough. Our clients are starting over with nothing and partnering with Furnishing Dignity has given our clients that little extra. With their assistance our clients take more pride in their home because it feels like a home. Having a bed to sleep in, a table to eat dinner at, and a couch to sit on really helps with the success of our program and more importantly the success of our clients.

The families that were assisted this past year by Furnishing Dignity have already shown a more positive attitude towards their future and their housing stability. We have had clients that are now working harder towards maintaining their housing because they are taking pride in what they have and want they do not want to lose.

In conclusion, I fully support the efforts of Furnishing Dignity as they seek external funding to support a program designed to assist family with rebuilding their lives.

Sincerely,

Michelle Alberti  
Program Manager  
A New Leaf Rapid Rehousing Program
