To Whom This May Concern:

Within the last year, Furnishing Dignity and Circle the City have cultivated a partnership that allows us to further carry out our mission. Circle the City serves those experiencing homelessness through our 50 bed respite center, our outpatient health center, and our mobile medical clinic.

Most recently, Furnishing Dignity joined us on a collaboration on the FUSE (Frequent Utilizers System Engagement) initiative, which aims to address the medical, psychosocial, and housing needs of chronically homeless individuals that are super utilizers of emergency services. Without Furnishing Dignity these individuals would have transitioned into an empty apartment. Because of this agency chronically homeless individuals are enjoying a furnished home for the first time in years. This agency has played a critical role in helping individuals feel whole, and valuable again.

We are excited for where our partnership takes us in the upcoming year. Feel free to reach out to me if you need any additional information.

Respectfully,

Andrea Bell
